

Stationery Requirements for 2024 – All Year Levels

These stationery items are ADDITIONAL personal subject items required and are not part of the Student Resource Scheme (SRS Scheme) which covers textbooks (hardcopy and digital), subject requirements, student diary, printing credit, ID card, English novels, photocopied/reproduced resources. Excursions throughout the year may be subject to fees being paid for compulsory subject attendance.

All students are to provide the following: School bucket hat/cap (available for purchase from the school uniform shop, water bottle, school bag (clearly identified) and sunscreen.

For all practical subjects – HPE and Sport - it is mandatory that students wear the Balmoral sports uniform, have a school bucket hat, sunscreen and water bottle.

Sharpener	1
Scissors	1
Correction tape (not liquid paper)	1
1800 (semicircle) protractor & compass	1
64GB USB	1
Stapler and staples	1
Document plastic protectors A4 size pack of 20 (medium weight)	1
Earphones/headset (to fit students laptop port)	1
50+ sunscreen	1
School bucket hat from uniform shop on school campus	1
Casio FX82 AU Plus II 2 nd edition calculator	1
Laptop as per Balmoral SHS BYOD policy (on school website – EXAMPLE ONLY) www.balmoralshs.eq.edu.au – details below.	1

Students will be issued a school diary on Day 1 or Day 2 of the Induction phase for 2024.

Stationery required for Day 1 – 4 x A4 exercise books and general writing implements & highlighters.

Please consult your students timetable (available from Day 1) to determine the stationery requirements to be bought to school for each day.

New students commencing at Balmoral State High School will be guided through the process on how to access the school network during the first few days of commencing school.

Laptops Year 7 – not required Day 1. Students will be told during the first three days of induction of when laptops are required to be bought to school.

2024 Balmoral State High School BYOD POLICY

Selecting a device for school

Do not purchase a Chromebook as they are not compatible with the EQ Network.

Do not purchase a device without 5ghz Wi-Fi often called "Dual Band Wi-Fi"

Device Requirements

The best way to purchase a laptop is to shop around your local retailers and take advantage of sales. To make sure your device is suitable for the school please ask your retailer the following questions:

Can it connect to the school network?

Devices must be compatible with a **5Ghz Wi-Fi** Network, often called "**Dual Band Wi-Fi**"

We recommend **Windows 10** devices over Apple devices at our school.

Never buy a Chromebook as they are not compatible with our school network.

If in doubt, ask your retailer "Does this device run Windows 10 and will this device connect to five Gigahertz Wi-Fi?"

Will it last the whole school day?

Battery life can vary depending on usage and batteries degrade over time.

We recommend an advertised battery life of 8 hours.

If in doubt, ask your retailer "Will this device last an entire school day, even after three years of use?"

Is it fast enough to be useful?

Our experience shows the two main indicators of BYOD performance is the number of CPU threads and SSD storage.

Never buy a device with a Mechanical HDD, always choose a device with at least a **128gb Solid State Drive (SSD)**.

Always buy a device with 4 or more CPU threads. in doubt, ask your retailer "Is the storage drive a 128 Gigabyte or larger solid-state drive and does this device have four or more CPU threads?"

If it Breaks, can it be Fixed?

Technology fails and accidents happen. Choose a device with more repair options to:

- Save money by repairing instead of replacing
- Reduce stress when accidents occur

We recommend choosing a 3 year Warranty and \$0 excess Accidental Damage Protection (ADP) with your device.

Or, choose a device which can be repaired by your local repair shop if it breaks

If in doubt, ask your retailer "What repair options do I have for this device if it breaks?"

Minimum Specs Rundown

Windows 10

5ghz Wi-Fi (often called "Dual Band")

8 hours Battery Life

4 thread CPU

Weight range: 900g – 1.11kg

Screen size: 11" – 13"

Processor Requirements:

i3 – 13th Gen

i4 – 10th Gen

i5 – 10th Gen

128GB SSD Storage

8GB RAM

Other Devices

Chromebooks are not suitable for the school network.

Tablets like Android or iPads are not recommended.

Required Software

You **don't** need to purchase any optional software (e.g. Microsoft Office) with your device.

We **don't** recommend purchasing Trend Micro or McAfee anti-virus as they often have issues on school network.

Once you have your school username and password, you can access software downloads for **Microsoft Office, Adobe** and other software from our student intranet:
